

Reviewing Your Prescriptions

Last Updated Tuesday, 05 February 2008

This page contains instructions on how to use the patient portal to review prescriptions that have been sent to your pharmacy.

First you need to browse to the patient portal login screen

You will first see the disclaimer page. Click "I agree" to continue.

Next you will see the first of several demographics screens. If you have changes to make, you can do so. Otherwise click "skip".

Finally, you will be brought to the Patient Portal Main Page. In the left menu bar, click on "Prescriptions

This will bring up the main prescription page. all prescriptions that have been written at IVF1 will be listed here.

Clicking on one of the prescriptions will bring up the details of that prescription as it was sent to the pharamcy.
